EDUCATION

sri krishna Adithya College of Arts and Science   2023 - 2026
 B. Sc Artificial intelligence and Machine learning

MotherLaand Matriculation. Higher. Secondary School   2016- 2023

SKILLS

- Communication
- Time management
- Project Management
- Technical skills
- Creativity
- Leadership

LANGUAGE

English   (Good)

Tamil   (Good)

CERTIFICATION

Basics of python and Object oriented programming (Infosys) .
Ethical Hacking (NPTEL) .
Python in data science.

PROJECT

Automation vehicle Number plate prediction using neural networks by training the sample data with cnn.

INTERNSHIP

Ethical Hacking in Bosch

Feature selection using mutual information selects the most relevant features.
It reduces dimensionality, improves model performance, and reduces overfitting.
The SelectKBest selector is initialized with mutual information regression.
The top k features are selected, transformed, and verified.
